

Rachel's Helping Hands 2009

Rachel's Helping Hands is a project started and run by Rachel Unger, a 4th grade student at St. Mary School. Her idea for this project started 4 years ago with a desire to help those who are in need.

As was done last year, Rachel's project this year will help the homeless here in Darke County. We are going to collect much-needed items for the Good Samaritan Home here in Greenville. As you may know, the Good Samaritan Home has helped many hundreds of adults and children in the local area over the years.

We can all help by collecting the following items and bringing them to the school building before Easter. All donations are appreciated!

Disposable razors (for men) – these come in generic packs
Baby diapers – size newborn or size 1
Baby wipes
Travel size toothpaste (not full size, please)
Travel size shampoo (not full size, please) – no conditioner
Dish soap
Windex
Paper Towels

These items can be delivered to the school office during open hours or at PSR.

Let's help those who are less fortunate by supporting the Good Samaritan Home with these items. You can make a difference!

Thanks!
